Forecast for Friday 07 Jun 2024

Weather: West or southwest generally moderate winds, strong near tops with a chance of gales for gusts at times. A cloudy morning with showery rain, but weather turning dry and bright for the afternoon. A few showers again in the evening. Feeling cold for the time of year, especially near and around tops and in wind exposed slopes.

Chance of cloud-free hill tops above 700m: 40-50% in the morning, increasing to 80% in the afternoon.

Low cloud and visibility: Scattered low cloud in the morning associated with passing showers around 500-700m, rising above summits in the afternoon. Good visibilities in general, locally moderate in showers.
